

## **Annual Contract Extension due to Leave**

If a resident is on leave for any permitted reason and cannot complete the residency program within the time normally allotted, the program will be permitted to re-appoint the resident for an additional period of time equal to the amount of time needed to complete all required educational activities, assuming the resident is in good standing. No vacation will be allowed during the extended time to complete the program.

**\*J-1 Visa Holders: Extended leave cannot be taken if it will violate the regulations governing your J status.**
