

#### **4.B.**

##### **Chief Medical Resident**

There are currently three types of Chief Residents in the system:

1. Additional year past first certification (Internal Medicine, Primary Care/Internal Medicine/Pediatrics).
2. Final year of first certification the Chief Resident responsibility is shared by all at the same level (Neurology, OB/GYN, Occupational Medicine, Orthopaedics, Otolaryngology, Psychiatry, Radiology, Urology and Nuclear Medicine).
3. Final year of first certification, the Chief Resident responsibility is given to one or two residents in that final year of certification group (Anesthesiology, Emergency Medicine, and Surgery).

The additional Chief Resident stipend may only be given to residents in #3 above.
